

SAMPLE CLIP N' PLACE LAYOUT

Directions For Clip & Place

All you need is a pair of scissors and a roll of tape. Simply cut out the cabinets and appliances you'll find on the following pages, and place them on the grid paper that has been provided the way you'd like them laid out in your kitchen.

Start with the base cabinets and appliances, and then place your wall cabinets. When you have completed your layout, send it to us using the method that is most convenient for you:
